These drawings and notes constitute what is referred to in the industry as a "Builder's Set." They have been produced with limited construction detail on the assumption that the Builder, as a trained professional, is familiar with the design and construction of the mechanical, plumbing and electrical systems. If the Builder is unfamiliar with the structural connections or any other process shown on these drawings, the Contractor shall verify all dimensions, materials and other conditions at the job site prior to start of construction. Construction to conform to all local regulations and restrictions.
